Such persons will not receive any extra compensation for such activities. The cost of such solicitation will be borne by the Company. In this Circular, unless otherwise indicated, all references to "\$" or "CDN\$" are references to Canadian dollars and references to "US\$" are to United States dollars. Unless otherwise indicated herein, information in this Circular is given as at September 2, 2020.

APPOINTMENT, REVOCATION AND DEPOSIT OF PROXIES

The persons named in the enclosed form of proxy are officers or directors of the Company. **A shareholder has the right to appoint a person (who need not be a shareholder) to attend and act for him or her and on his or her behalf at the Meeting other than the persons designated in the enclosed form of proxy.** Such right may be exercised by striking out the names of the persons designated in the form of proxy and by inserting in the blank space provided for that purpose the name of the desired person or by completing another proper form of proxy and, in either case, delivering the completed and executed proxy to the Company, c/o Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 8th Floor, Toronto, Ontario, M5J 2Y1, at any time prior to 5:00 p.m. (Pacific time) on October 1, 2020 or delivered to the Chairman of the Meeting on the day of the Meeting or any adjournment or postponement thereof prior to the Meeting.

A shareholder forwarding the enclosed form of proxy may indicate the manner in which the appointee is to vote with respect to any specific item by marking how such shareholder wishes to vote in the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The Common Shares (as defined below) represented by the proxy submitted by a shareholder will be voted or withheld from voting in accordance with the directions, if any, given in the proxy and if the voting shareholder specifies a choice with respect to any matter to be acted upon, the Common Shares will be voted accordingly.

A shareholder who has given the enclosed form of proxy has the right to revoke the proxy by depositing an instrument in writing executed by the shareholder or by his or her attorney authorized in writing or, if the shareholder is a body corporate, by an officer or attorney thereof duly authorized, at the registered office of the Company at any time prior to 5:00 p.m. (Pacific time) on the last business day preceding the day of the Meeting, or any adjournment or postponement thereof, or with the Chairman of the Meeting on the day of the Meeting, or any adjournment or postponement thereof, or in any other manner permitted by law. The Company's registered office is located at 3400 One First Canadian Place, P.O. Box 130, Toronto, ON, M5X 1A4.

MANNER OF VOTING AND EXERCISE OF DISCRETION BY PROXIES

The persons named in the enclosed form of proxy will vote or withhold from voting the Common Shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such Common Shares will be voted FOR each of the matters identified in the Notice and described in this Circular.**

The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice, and with respect to other matters which may properly come before the Meeting. At the time of the printing of this Circular, management of the Company knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice and no director has informed the Company that he intends to oppose any matter to be voted upon.

VOTING BY BENEFICIAL SHAREHOLDERS

The information set forth in this section is important to the shareholders of the Company who do not hold their common shares in their own name.

Shareholders who hold Common Shares through their brokers, intermediaries, trustees, or other nominees (such shareholders being collectively called "Beneficial Shareholders") should note that only proxies deposited by shareholders whose names appear

on the share register of the Company as at the record date, August 27, 2020, may be recognized and acted upon at the Meeting. If Common Shares are shown on an account statement provided to a Beneficial Shareholder by a broker, then in almost all cases the name of such Beneficial Shareholder will not appear on the share register of the Company. Such Common Shares will most likely be registered in the name of the broker or an agent of the broker. Such Common Shares can only be voted by brokers, agents or nominees ("Intermediaries") and can only be voted by them in accordance with instructions received from Beneficial Shareholders. **As a result, Beneficial Shareholders should carefully review the voting instructions provided by their broker, agent, or nominee or other intermediary with this Circular and ensure that they communicate how they would like their Common Shares voted in accordance with those instructions.**

Most brokers delegate responsibility for obtaining voting instructions from clients to a service company (a "Service Company"). The Service Company typically supplies voting instructions forms, mails those forms to Beneficial Shareholders, and asks those Beneficial Shareholders to return the forms to the Service Company or to follow the alternative voting procedures detailed on the voting instruction form. The Service Company then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Common Shares at the Meeting. **A Beneficial Shareholder receiving a voting instruction form from the Service Company cannot use that form to vote Common Shares directly at the Meeting. Instead, the Beneficial Shareholder must return the voting instruction form to the Service Company or follow the alternative voting procedures, as mentioned above, well in advance of the Meeting in order to ensure that such Common Shares are voted.** Alternatively, a Beneficial Shareholder may be given a form of proxy that has already been signed by the Intermediary (typically by a facsimile stamped signature), which is restricted as to the number of Common Shares beneficially owned by the Beneficial Shareholder but which is not otherwise completed. Because the Intermediary has already signed the form of proxy, this form of proxy is required to be signed by the Beneficial Shareholder when submitting the form of proxy. In this case, the Beneficial Shareholder who wishes to vote by proxy should otherwise properly complete the form of proxy and deliver it as specified above.

In either case, the purpose of these procedures is to permit Beneficial Shareholders to direct the voting of the Common Shares of the Company which they beneficially own. A Beneficial Shareholder who wishes to attend and vote at the Meeting in person (or to have another person attend and vote on behalf of the Beneficial Shareholder) should print the Beneficial Shareholder's (or such other person's) name in the blank space provided for that purpose in the first paragraph of the proxy form or, in the case of a voting instruction form, follow the corresponding instructions on that form. In either case, Beneficial Shareholders should carefully follow the instructions of their Intermediary and its Service Company, as applicable.

RECORD DATE

The directors have fixed August 27, 2020 as the record date for the determination of shareholders entitled to receive notice of and vote at the Meeting. Only shareholders of record on such date are entitled to vote at the Meeting the Common Shares held by them by attending in person or by providing a completed an executed form of proxy as described above.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee of the Board makes recommendations to the Board regarding compensation policies and the compensation of directors and senior officers. The members of the Compensation Committee are Lucy Yan, Joe Tai and Terry Wong. All the members are independent. Each member of the Compensation Committee has direct experience in executive compensation matters as a member of various boards and has held senior leadership positions in various organizations, which experiences assist the Compensation Committee in making decisions on the suitability of the Company's compensation practices and policies. Since all of the members have had experience in matters of executive compensation, the Board believes that the

Compensation Committee collectively has the knowledge, experience and background required to fulfil its mandate.

Since the Compensation Committee reviews and makes recommendations to the Board on all of the Company's compensation policies and practices and maintains oversight thereof, the risks associated therewith are considered to be low, particularly since the Company's compensation package is not linked to the Company's revenue generated by the individual or linked to or based on any short term objective. The Board is ultimately responsible for considering the risks associated with the Company's compensation policies and practices, if any.

Recruitment and retention of senior executives are the key priorities of the compensation philosophy. Consequently, the objectives of the Committee are to attract, reward, retain and motivate quality employees who will enhance the development and growth of the Company. As the Company's business is the exploration and the development of mining properties in Central, West and East Africa, the Company must be competitive with other entities engaged in the same business both in Canada and internationally. It is therefore necessary that the Company's compensation practices are consistent and equitable for individuals in similar jobs and locations.

The Compensation Committee further believes that it is appropriate to establish compensation practices and compensation levels that are comparable to other similar mining companies. The Committee also considers the particular responsibilities related to the position, the experience level of the individual, as well as the necessary compensation required to retain the executive officer involved. The compensation for senior executives in the junior mining industry depends on various factors including (but not limited to): advancement of a given project, the location of the project, the political risk, the language and skills required and the individual's experience. The Compensation Committee considers these factors. No set benchmark of specific companies is utilized by the Compensation Committee, either formally or informally.

Each senior executive is employed for his or her skills to perform specific tasks and their base salary is fixed accordingly. Commencing in 2011, in view of the Company's current stage of development and its financial position, compensation consists of only two (2) components: namely, a base salary (or consulting fee) and the grant of stock options. The entitlement to bonuses is not included in employment/consulting agreements or used as an employment/consulting incentive.

At the time of employment each senior executive entered into an employment/consulting agreement with the Company with standard clauses covering salaries and termination and change of control provisions. The highlights of the employment agreements for the Named Executive Officers ("NEOs") are outlined below under "Statement of Executive Compensation – *Narrative Discussion*".

In view of considerable contribution Ms. Lucy Yan was devoting to the Company's business, at the recommendation of the Compensation Committee and approved by the Board, the Company entered into a consulting agreement with Ms. Yan on October 1, 2013. The particulars of her compensation and information regarding her consulting agreement are further described below under "Statement of Executive Compensation – *Narrative Discussion*".

In November 2014, considering the Company's financial situation and mutual understanding by all the directors, at the recommendation of the Compensation Committee and approved by the Board, the Company set up an all-inclusive director's fees schedule effective October 1, 2014. The particulars are further described below under "Statement of Executive Compensation – *Narrative Discussion*".

The Company does not have a policy that precludes any NEO from purchasing financial instruments that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the NEO.

Option-based Awards

The granting of stock options is a variable component of compensation intended to reward the Company's directors, executive officers and senior management for the Company's success in achieving its business plans, prudent development of its projects and increases in stock value. Lengthy vesting provisions will ensure that the option holders' interests are aligned with the longer term interests of the Company's shareholders and assist in the retention of key employees, rather than focusing on short term increases. Previous option grants to senior executives of the Company are taken into account by the Compensation Committee and the Board when considering new option grants.

Upon the recommendation of the Compensation Committee, the grant of option-based awards to senior executives is approved by the Board pursuant to the terms of the Stock Option Plan. The options are always granted at market price and vest at a rate of 25% on the grant date and on the 6, 12 and 18 month anniversary of the grant date. The Stock Option Plan is attached as Schedule "A" to this Circular, where it can be reviewed in its entirety. The fair value of the options granted is determined at the time of the grant in accordance with a valuation methodology identified in IFRS 2. *Share-Based Payment*. The Company uses the Black Scholes option pricing model to estimate the fair value of the options granted using the following assumptions: weighted average risk-free interest rate, expected share price annual volatility, weighted average expected life (years), estimated forfeiture rate and expected dividend yield.

Summary Compensation Table

During the fiscal year ended December 31, 2019, the Company had two NEOs, namely, Lucy Yan, Chairman and CEO (from June 18, 2013), and David de Jongh Weill, CFO (from November 2018).

The following table (presented in accordance with Form 51-102F6 – *Statement of Executive Compensation ("Form 51-102F6")* under National Instrument 51-102 – *Continuous Disclosure Obligations*) sets forth all annual, long term and other compensation payable to the NEOs for services rendered in all capacities to the Company and its subsidiaries for the three financial years ended December 31, 2019, 2018 and 2017.

The Company does not have a share-based award plan. The Company also does not have a pension plan or a long-term incentive plan. An Annual Incentive Plan for the executive group of employees was implemented by the Board in 2008. The particulars of the plan are outlined below under "*Incentive Plan Awards*". No awards were granted under this plan during 2015. No long-term non-equity incentive compensation was granted to any of the NEOs and no non-equity incentive plan awards were made based on the performance of the Company's share price.

The amounts in the following table and footnotes are expressed in United States dollars to conform to the presentation currency in the financial statements of the Company and any reference to the Company's share price is expressed in Canadian dollar currency. The compensation awarded and paid was in Canadian dollars and was translated to United States dollars using the average foreign exchange rate for the 2019 year of \$1.2988 = US\$1.00, the 2018 year of \$1.3642 = US\$1.00, and the 2017 year of \$1.2986 = US\$1.00.

- As mentioned above, the fair value of the options granted is determined at the time of the grant in accordance with a valuation methodology identified in IFRS 2. *Share-Based Payment*. The Company used the Black Scholes option pricing model to estimate the fair value of the options granted. For options granted in 2017, the following assumptions were used: a weighted average risk-free interest rate of 1.80%, an expected share price annual volatility of 229%, a weighted average expected life of 5.0 years, and an expected dividend yield of 0.0%. For options granted in 2019, the following assumptions were used: a weighted average risk-free interest rate of 1.32%, an expected share price annual volatility of 224%, a weighted average expected life of 5.0 years, and an expected dividend yield of 0.0%.
- Lucy Yan was appointed Chairman and Interim CEO on June 18, 2013. Ms. Yan has been a director of the Company since April 15, 2013. INCENTIVE PLAN AWARDS

Narrative Discussion

As disclosed elsewhere herein, the Company does not have a share-based award plan or a long term incentive plan.

On June 23, 2008 the Board approved an Annual Incentive Plan ("AIP") for the Company's senior management. The AIP provided a framework for the grant of bonuses to designated individuals based on mutually agreed upon pre-described annual personal and corporate objectives and performance with the targets set out in the individual NEOs' employment agreements. While the performance goals are to be stipulated in the NEOs' employment agreements and the AIP, any bonus to be paid is

subjective and is also dependent upon the Company's financial situation. No bonus was paid under the AIP during the year ended December 31, 2019 and no performance objectives were pre-described during 2019.

In view of the Company's financial situation and the current economic climate, as mentioned above, the Company no longer utilizes the AIP for the senior management of the Company.

Information with respect to the grant of stock options is more particularly described below under "*Outstanding Option-Based Awards and Share-Based Awards*".

Orientation and Continuing Education

The Company conducts an informal orientation for new board members involving meetings with senior management on key business, financial and operational issues and provides each director with information on the role of the Board, its committees and its directors and provides to new board members copies of, among other things, certain previously filed quarterly and annual financial statements, the annual information form and technical reports as well as the charters and policies of the Company.

At this time, the Board has not implemented a formal continuing education program for its directors, due to the historical size and composition of the Board and the stage of the Company's development. The Corporate Governance, Nominating & Disclosure Policy Committee encourages directors to attend appropriate education programs to ensure that directors maintain the skill and knowledge necessary to meet their obligations as directors of the Company, and the directors are reimbursed by the Company for such programs. The Corporate Governance, Nominating & Disclosure Policy Committee and the Board are cognizant of the need to establish a formal program and it is anticipated that this issue will be addressed further in the future.

Compensation

Compensation for the directors, Chairman, CEO, CFO and senior executives is reviewed and recommended to the Board by the Compensation Committee. Recommendations for executive compensation are based on market and performance-related criteria, and are based to a significant degree on each executive's performance against the corporate goals and objectives of the Company for such period and dependent on the financial position of the Company.

For information regarding the process by which the Board determines the compensation for the Company's executive officers, please see the "*Statement of Executive Compensation – Compensation Discussion*" and "*Statement of Executive Compensation – Analysis*", "*Statement of Executive Compensation – Option-based Awards*" and "*Statement of Executive Compensation – Narrative Discussion*", as well as the "*Incentive Plan Awards – Narrative Discussion*".

The Corporate Governance, Nominating & Disclosure Policy Committee assists the Board in fulfilling its responsibilities with respect to identifying and evaluating qualified candidates and recommending such candidates for nomination to the Board and its various committees.

In making its recommendations to the Board, the Corporate Governance, Nominating & Disclosure Policy Committee considers the competencies and skills that the Board considers to be necessary for the Board as a whole to possess, the competencies and skills that the Board considers each existing director to possess, the competencies and skills each new nominee will bring to the Board and the ability of each new nominee to devote sufficient time and resources to his or her duties as a director. In particular, the Corporate Governance, Nominating & Disclosure Policy Committee considers the independence, competencies, skills, financial acumen, technical acumen and ability to devote sufficient time and resources to their duties as directors in assessing new candidates for appointment. AXMIN INC.

Stock Option Plan 2005

The board of directors (the "Board") of AXMIN Inc. (the "Company") wishes to establish a stock option plan (the "Plan") governing the issuance of stock options (the "Stock Options") to directors, officers and employees of the Company or subsidiaries of the Company and persons or companies who provide services to the Company or its subsidiaries on an on-going basis, or have provided or are expected to provide a service or services of considerable value to the Company or its subsidiaries. Capitalized terms, not otherwise defined herein, have the meanings ascribed thereto in the TSX Venture Exchange Corporate Finance Manual.

The terms and conditions of the Plan for issuance of Stock Options are as follows:

1. **Purposes**

The principal purposes of the Plan are:

- (a) to retain and attract qualified directors, officers, employees and service providers which the Company and its subsidiaries require;
- (b) to promote a proprietary interest in the Company and its subsidiaries;
- (c) to provide an incentive element in compensation; and
- (d) to promote the profitability of the Company and its subsidiaries.

2. **Reservation of Shares**

Subject to Section 10 of the Plan, the number of common shares in the capital of the Company (the "Common Shares") reserved from time to time for issuance to Eligible Optionees (as hereinafter defined) pursuant to Stock Options under the Plan shall not exceed ten percent (10%) of the total number of Common Shares outstanding from time to time.

3. **Eligibility**

Stock Options shall be granted only to persons, firms or companies ("Eligible Optionees") who are Directors, Employees, Consultants or Management Company Employees of the Company or a subsidiary of the Company. Where the Eligible Optionee is an Employee, Consultant or Management Company Employee, the board of directors of the Company (the "Board") shall confirm that the Eligible Optionee is a bona fide Employee, Consultant or Management Company Employee, as the case may be, of the Company or a subsidiary of the Company prior to any grant of Stock Options.

Stock Options may also be granted to a company which is wholly-owned by an Eligible Optionee if the company agrees not to effect or permit any transfer of ownership or option of shares of the company, nor to issue further shares of any class in the company to any other individual or entity as long as any Stock Options granted to the company remain outstanding, without the prior written consent of the TSX Venture Exchange. Unless the context otherwise requires, the term Eligible Optionee as used herein, shall include any such company.

4. **Granting of Stock Options**

The Board may from time to time grant Stock Options to Eligible Optionees. At the time a Stock Option is granted, the Board shall determine the number of Common Shares of the Company available for purchase under the Stock Option, the date when the Stock Option is to become effective and, subject to the other provisions of this Plan, all other terms and conditions of the Stock Option. However, in no case may the issuance of Common Shares upon the due exercise of Stock Options result in:

- (a) the aggregate number of Common Shares reserved for issuance pursuant to Stock Options granted to any one Eligible Optionee at any time exceeding five percent (5%) of the issued and outstanding Common Shares, unless the Company is at that time a Tier 1 Issuer and has obtained requisite disinterested shareholder approval. Furthermore the number of Common Shares issued to any one Eligible Optionee in any 12 month period cannot exceed five percent (5%) of the issued and outstanding Common Shares;
- (b) the aggregate number of Common Shares reserved for issuance pursuant to Stock Options granted to any one Consultant in any 12 month period exceeding two percent (2%) of the issued and outstanding Common Shares; or
- (c) the aggregate number of Common Shares reserved for issuance pursuant to Stock Options granted to all persons engaged by the Company to perform Investor Relations Activities in any 12 month period exceeding two percent (2%) of the issued and outstanding Common Shares.

Any Stock Options granted to a company referred to in Section 3. hereof shall be included in the calculation of the Stock Options held by an Eligible Optionee.

5. **Exercise Price**

The exercise price (the "Exercise Price") of each Stock Option shall be determined in the discretion of the Board at the time of the granting of the Stock Option, provided that the exercise price shall not be lower than the "Market Price". "Market Price" shall mean, if the Company is listed on the TSX Venture Exchange, the "Discounted Market Price"; provided that in the event the Common Shares are not listed on the TSX Venture Exchange but are listed on another stock exchange, the Market Price shall be the closing price of the Common Shares prior to the date of grant on the stock exchange on which the Common Shares are listed, or if more than one, on such other stock exchange as shall be designated by the Board, and to the extent that the Common Shares are not listed on any exchange, the Market Price shall be such price as is determined by the Board in good faith.

6. **Term and Exercise Periods**

- (a) All Stock Options shall be for a term determined in the discretion of the Board at the time of the granting of the Stock Options, provided that no Stock Option shall have a term exceeding five years.
- (b) Unless otherwise determined by the Board at the time of the granting of the Stock Options pursuant to clause 6.(c) below, one quarter (1/4) of any Stock Options granted pursuant hereto will vest immediately on their date of grant (the "Grant Date") and another one quarter (1/4) of the Stock Options will vest on each of the 6 month, 12 month and 18 month anniversaries of the Grant Date. For greater clarity, unless otherwise determined pursuant to the terms hereof, all Options granted to an Eligible Optionee will be available to exercise and purchase Common Shares on the 18 month anniversary of the Grant Date.
- (c) Stock Options shall be exercisable only while the Eligible Optionee remains at least one of a Director, Employee, Management Company Employee or Consultant and for a limited period of time as may be prescribed by the Board ("Additional Period") after the Eligible Optionee ceases to be at least one of a Director, Employee, Management Company Employee or Consultant (which Additional Period may not exceed 90 days or in the case of an Eligible Optionee engaged in Investor Relations Activities 30 days);
- (d) In the event that the Eligible Optionee should die, that Eligible Optionee's heirs or administrators may exercise any portion of the outstanding Stock Option within an Additional Period prescribed by the Board not exceeding one year from the Eligible Optionee's death.
- (e) The Company shall have the right to amend Stock Options to provide for early exercise and/or termination or other adjustment of the Stock Option in the event that the Company shall resolve to sell all or substantially all of its assets, to liquidate or dissolve, or to merge, amalgamate, consolidate or be absorbed with or into any other company, if a take-over bid is made for Common Shares of the Company, or if any change of control of the Company occurs.

7. **Non-Assignability**

Other than a limited right of assignment, subject to the terms upon which the Stock Option is granted, in the event of the death of an Eligible Optionee to allow the exercise of Stock Options by the Eligible Optionee's legal representative, Stock Options shall not be assignable or transferable by the Eligible Optionees.

8. **Payment of Exercise Price**

All shares issued pursuant to the exercise of a Stock Option shall be paid for in full in Canadian funds at the time of exercise of the Stock Option and prior to the issue of the Common Shares. All Common Shares issued in accordance with the foregoing shall be issued as fully paid and non-assessable Common Shares.

9. **Non-Exercise**

If any Stock Option granted pursuant to the Plan is not exercised for any reason whatsoever, upon the expiry of the Stock Option pursuant to the terms of its grant or the terms hereof, the shares reserved and authorized for issuance pursuant to such Stock Option shall revert to the Plan and shall be available for other Stock Options. Notwithstanding the foregoing, at no time shall there be outstanding Stock Options exceeding, in the aggregate, the number of Common Shares reserved for issuance pursuant to Stock Options under this Plan.

10. **Adjustment in Certain Circumstances**

In the event:

- (a) of any change in the Common Shares through subdivision, consolidation, reclassification, amalgamation, merger or otherwise; or
- (b) of any stock dividend to holders of Common Shares (other than such stock dividends issued at the option of shareholders of the Company in lieu of substantially equivalent cash dividends); or

- (c) that any rights are granted to holders of Common Shares to purchase Common Shares at prices substantially below fair market value; or
- (d) that as a result of any recapitalization, merger, consolidation or otherwise the Common Shares are converted into or exchangeable for any other shares;

then in any such case the Board may make such adjustment in the Plan and in the Stock Options granted under the Plan as the Board may in its sole discretion deem appropriate to prevent substantial dilution or enlargement of the rights granted to, or available for, holders of Stock Options, and such adjustments may be included in the Stock Options.

11. **Expenses**

All expenses in connection with the Plan shall be borne by the Company.

12. **Compliance with Laws**

The Company shall not be obliged to issue any Common Shares upon exercise of Stock Options if the issue would violate any law or regulation or any rule of any governmental authority or stock exchange. The Company shall not be required to issue, register or qualify for resale any shares issuable upon exercise of Stock Options pursuant to the provisions of a prospectus or similar document, provided that the Company shall notify the TSX Venture Exchange or any other stock exchange on which the shares of the Company are listed and any other appropriate regulatory bodies in Canada of the existence of the Plan and the issuance and exercise of Stock Options.

In addition to any resale restrictions that may be applicable under applicable securities laws, all Stock Options and any Common Shares issued on the exercise of Stock Options shall be legended with a four month hold period from the date the Stock Options are granted, as required by the rules of the TSX Venture Exchange.

13. **Disinterested Shareholder Approval**

Disinterested shareholder approval shall be obtained by the Company prior to any reduction in the Exercise Price if the Optionee is an Insider of the Company at the time of a proposed reduction of the Exercise Price.

14. **Form of Stock Option Agreement**

All Stock Options shall be issued by the Company in a form which meets the general requirements and conditions set forth in this Plan and the requirements of the TSX Venture Exchange or such other exchange on which the shares of the Company are listed from time to time.

15. **Amendments and Termination of Plan**

The Company shall retain the right to amend from time to time or to terminate the terms and conditions of the Plan by resolution of the Board to reduce the number of Common Shares under Stock Option, increase the Exercise Price or cancel a Stock Option, provided that an appropriate news release disclosing such action is disseminated. Any other amendments shall be subject to the prior consent of any applicable regulatory bodies, including any stock exchange on which the Company's shares are listed. Amendments and termination shall take effect only with respect to Stock Options issued thereafter, provided that they may apply to any Stock Options previously issued with the mutual consent of the Company and the Eligible Optionees holding such Stock Options.

16. **Delegation of Administration of the Plan**

Subject to the *Canada Business Corporations Act* or any other legislation governing the Company, the Board may delegate to one or more directors of the Company, on such terms as it considers appropriate, all or any part of the powers, duties and functions relating to the granting of Stock Options and the administration of the Plan.

17. **Applicable Law**

This Plan shall be governed by and construed in accordance with the laws in force in the Province of Ontario.

18. **Stock Exchange**

To the extent applicable, the issuance of any shares of the Company pursuant to Stock Options granted pursuant to this Plan is subject to approval of the Plan by the TSX Venture Exchange or other stock exchange upon which the Common Shares are listed, and the Plan shall be subject to the ongoing requirements of such exchange.

Full disclosure enables directors, officers and employees to resolve unclear situations and gives an opportunity to dispose of or appropriately address

conflicts of interest before any difficulty arises. However, if the board of directors determines that a potential conflict cannot be cured, the individual will resign from the board, if a director, or from their position with the Company, if an officer or employee.
